

Jill M. Loewen

Clinical Associate Professor, Tobacco Use Prevention and Treatment Program Coordinator, teaches dental and dental hygiene students and dental program residents how to help their patients stop using tobacco. She also provides education to dental students on Screening, Brief Intervention and Referral to treatment (SBIRT) for the assessment of dental patients' risky use of alcohol and other drugs. Ms. Loewen has provided numerous local, state, and national continuing education courses on tobacco product use prevention and treatment topics and has conducted table clinics, exhibits and poster presentations on tobacco use prevention, education, and treatment. She is the author of several publications. Ms. Loewen holds a B.S. degree in Allied Health Education and a M.S. degree in Career and Technical Education from Ferris State University. She also holds a National Certificate in Tobacco Treatment Practice. She is past Chair of the American Dental Education Association's Section on Substance Abuse, Addictions and Tobacco Dependence Education. Ms. Loewen joined the University in 2001.
